

FOR IMMEDIATE RELEASE:

PURPLE FOR PARENTS OF INDIANA CALLS FOR IMMEDIATE INVESTIGATION INTO THE FRAUD AND COVERUP BY INDIANA SCHOOLS ESPECIALLY THOSE NAMED IN THE ACCURACY IN MEDIA VIDEO RELEASED ON WEDNESDAY, APRIL 12TH, 2023.

Nappanee, IN (April 13, 2023)

In light of the Accuracy in Media video, Purple for Parents of Indiana is calling for an immediate investigation into the fraud and coverup by the following Indiana schools, Fairfield Community Schools, Elkhart Community Schools, Goshen Community Schools, Metropolitan School District of Martinsville, Monroe County Community School Corporation, Plainfield Community School Corporation and Carmel Clay Schools.

As was brought to light in the undercover video, schools are intentionally hiding from parents and communities at large the agenda to implement social-emotional learning and critical race theory. These programs are having serious detrimental effects on Hoosier children and should cease immediately. We believe that full transparency is of utmost importance and parents have felt for some time that schools are being evasive on curriculum, lessons and supplemental materials being used in the classrooms.

It's time to investigate education in Indiana in order to protect Hoosier children and the future of our state. We are calling on Indiana Attorney General, Todd Rokita, to launch an immediate investigation.
