Nappanee, IN – (January 11, 2024)

Purple for Parents announces the addition of Pastor Jon Schrock as Vice President effective January 1, 2024. Jon brings many years of experience in fighting the culture war, protecting life, defending our Constitution as well as the family unit. Jon, is also a military veteran, former police officer, happily married, father of ten and Regional Field Director for The John Birch Society.

Previously, Kim Livorno served as Vice President. She resigned effective January 1, 2024, to pursue personal goals and future endeavors. We want to thank Kim for her dedication to Purple for Parents of Indiana and we fully support her in her next steps.

Hoosiers across the state have gotten to know Pastor Jon as the leading voice in the War on Farmers as he exposes the agenda behind the carbon capture pipelines and sequestration. He has also been pivotal in helping to expose Alfred Kinsey and the sexual grooming of our children inside our schools.

Additionally, Purple for Parents of Indiana is announcing plans to expand its outreach and educational force to help Hoosiers understand the full impact of the culture war. While education plays a pivotal role, the battle for Indiana encompasses many other components. By adding Pastor Jon Schrock to the team, the statewide impact of Purple for Parents of Indiana continues to grow.
